Reference: Final report and notification of certificate

Dear members of the Board of Directors of Centre Henri Becquerel,

Congratulations!

The OEI Accreditation and Designation Board has approved the final report and Improvement Action Plan sent on 16 October 2023. The input for the plan were the opportunities as raised by the audit team in the final peer review visit held on 10 and 11 May 2023.

We will hand over one extra paper certificate at the Helsinki 2024 General Assembly. Two certificates on plate and two on paper will also be sent to your centre from the OEI Liaison Office. Please send to [oei@oei.eu](mailto:oei@oei.eu) the name of the person that should receive the certificates, the address and a phone number.

The certificate will contain the following notification

*Centre Henri Becquerel  
Rouen, France*

meets the quality standards for cancer care and research and it is therefore designated as:  
*OEI Comprehensive Cancer Centre*

The certificate is issued on: 20 November 2023, and will be valid till: 20 November 2028.

The one year follow-up of the actions and deadlines set in the action plan will take place in November 2024. We look forward to the fruitful continuation of cooperation in the OEI Accreditation and Designation Programme.

On behalf of the OEI and the Accreditation and Designation Programme,

Giovanni Apolone  
OEI President

Dr. Jean-Benoît Burrion  
Chair OEI Accreditation and Designation Board
